

Wednesday, June 15

	Europa Hall (level 2)	Wolf-Dietrich (level 1)	Mozart 1-2 (level 0)	Trakl (level 3)	
8.30	MTC1 The current picture of HPV associated cancers	OC1 HPV testing 1	STC1 Vulvar diseases course A - Vulvar neoplasia	STC3 Colposcopy course (Separate registration required)	8.30
10.00	Coffee Break				
10.30	MTC2 Recent progress and perspectives in the control of HPV associated cancers	ES1 Prospects for immunotherapy in HPV related cancer	STC1 Vulvar diseases course B - Vulvar pain syndrom	STC3 Colposcopy course (Separate registration required)	10.30
12.15	Satellite symposium BD				
13.45	MTC3 The value of HPV detection - Part 1 (ends 15.50)	OC2 Recent advances in cancer and screening	STC2 TC for cervical cancer screening coordinators and evaluators - 1	W1 HPV vaccine crisis and hesitancy	13.45
15.45	Coffee Break				
16.15	MTC4 The value of HPV detection - Part 2	OC3 Update on HPV prophylactic vaccines	STC2 TC for cervical cancer screening coordinators and evaluators - 2	W2 Understanding the public attitudes to design a higher education	15.45 16.00
17.30	Satellite symposium HOLOGIC				
17.30		OC4 Modern colposcopy and management	OC5 Epidemiology 1 - Pathogenesis		17.30
19.00	Opening Ceremony including keynote lecture by Lutz Gissman, honoree of the Maurice Hilleman Award / followed by concert and welcome reception				
19.30					
22.30					

Thursday, June 16

	Europa Hall (level 2)	Mozart 1-3 (level 0)	Mozart 4-5 (level 0)	Wolf-Dietrich (level 1)	
8.00	MSS1 HPV based screening efforts Translating data into implementation programs	SS1 Apply scientific data for decision making (ends 9.30)	OC6 New developments on HPV prophylactic vaccines	HN1 Epidemiology - Natural history from oral HPV infection to OPC	8.00
9.30	MSS2 Triaging methods after a positive HPV test for cervical cancer screening	SS2 Screening and vaccination interaction (starts 9.30)	OC7 HPV in non-oro-cervical cancers	HN2 Current knowledge on HPV-driven HNSCC	9.30
10.00					10.00
11.00	Coffee Break				
11.30	Satellite symposium SPMSD / MSD				
12.45			Satellite symposium CEPHEID	Satellite symposium INCELL	12.45
13.00					
14.15	MSS3 The future of screening - Primary HPV testing in increasingly vaccinated populations	SS3 Role of modeling and economics	OC8 HPV testing 2 (ends 16.00)	HN3 Role of molecular testing	14.15
15.45	Coffee Break				
16.15	MSS4 HPV vaccination	SS4 HPV Faster: an integrated preventive proposal	SSim1 Escape from innate immunity	HN4 Updates on immunotherapy trials in HPV HNSCC	15.45 16.00 16.15
17.45	Satellite symposium ROCHE				
19.15					

Friday, June 17

	Europa Hall (level 2)	Mozart 1-3 (level 0)	Mozart 4-5 (level 0)	Wolf-Dietrich (level 1)	Papageno (level 0)	
8.00	MSS5 Comparative value efficacy and safety of 2-, 4- and 9- valent vaccines	CS1 What does the vaccine era change for the clinician	OC9 New challenges on HPV and molecular screening (ends 9.45)	HN5 Updates on recurrent respiratory papillomatosis	SS5 Anus	8.00
9.30	MSS6 What HPV vaccines have changed over the last 10 years (ends 11.10)	CS2 Quality assessment in colposcopy	SS6 Application of precision medicine to cervical cancer prevention (starts 9.45)	HN6 Targeted therapy for HPV-HNSCC	OC10 HPV testing 3	9.30
9.45						9.45
11.00	Coffee Break					
11.30	Satellite symposium QIAGEN					
12.45	Satellite symposium GSK					
13.00						
14.15	SS7 Update on HPV vaccine safety	CS3 Risk based colposcopy	SS8 CoheaHr	HN7 Oropharyngeal cancers and immunity (ends 15.15)	GS1 HPV 2016 Was man über HPV wissen sollte	14.15
15.45	Coffee Break					
16.15	SSim2 Therapeutic vaccines	SS9 New advances in genomics	SS10 Is HPV part of vaginal and oral microbiome?	HN8 Oral Communications Head & Neck	GS2 HPV 2016 Prophylaktische Impfung	15.45 16.30
17.45	SSim3 HPV16 infection - addressing data and future developments - cervix vs OP	OC11 New insights in molecular biology and markers	OC12 Current knowledge on HPV sampling (starts 17.30)	HN9 Oral Communications Head & Neck		17.00
17.30						17.30
18.30						
19.15						
19.40						
19.50						

Saturday, June 18

	Mozart 1-3 (level 0)	Mozart 4-5 (level 0)	Wolf-Dietrich (level 1)	Trakl (level 3)	Papageno (level 0)	
8.00	SS12 Epidemiology 1	CS4 CIN and pregnancy	SS11 Revisiting the role of HPV serology	OC13 Effectiveness, safety and impacts of HPV prophylactic vaccines	GS3 HPV 2016 Screening und Diagnose von HPV-Erkrankungen im Anogenitalbereich	8.00
9.30	SS13 Epidemiology 2 (ends 11.10)	CS5 IFCPC workshop	SS14 HPV negative cervical cancer			9.30
9.45				9.45		
10.30	OC15 Epidemiology - Pathogenesis (starts 11.10)	CS6 ESGO workshop	SS15 The Frame initiative	OC14 Screening methods and implementation	GS4 HPV 2016: Behandlung von HPV-assoziierten Erkrankungen im Anogenitalbereich	10.30
11.00						11.00
12.30						
13.00
